

# REALLLOUD

In 2013 Will began producing music under the record label Realloud. Realloud is an environment where great music, great minds and great energy meet. Be one with us and come join the international house movement!

Will has always been passionate about music, parties and entertaining people. He began collecting music from a young age, and has developed an encyclopaedic knowledge of electronic music by going to many different clubs in South Africa and in the U.K, associating himself with many of the best DJ's in the business.

As Will spent an increasing amount of his time at various bars, clubs and events around Johannesburg, he became inspired to do more than just attend the parties, but to MAKE the parties!

In 2014, Will reached the peak of his career and was invited to DJ for South Africa's largest musical festival "H2O." This has been a seven year dream, since 2008 when Will began playing in local bars and clubs around his hometown of Boksburg. He quickly became a resident DJ at Hi-Flyerz playing weekly 6 hour shifts and whipping the crowds into a frenzy with his funky selection of the latest music. Over the years he has built a large following in South Africa.

Will is an Electro/Deep house/Funky DJ, he has a very large collection of music and depending on the venue he plays Electro, Deep house, Commercial Club, Jacking, Tech house, Hip Hop & R n B club favourites.

He isn't happy unless the crowd is going wild on the dance floor. He adapts his music style at an event to suit the crowd and keeps them dancing all night. Will's enthusiastic, energetic and friendly personality is infectious, creating a party vibe wherever he goes.

Will has shared the decks with many top South African artists including:

Euphonik; Lady Lea; Ami Lectrix; Shawny B; Mark Stent; Essential Groove; Marius Martise; Shawn Love; DekStir; The Chad; Frost; Landi; Dean Mac'e; Milan Kovacevic; DJ Ice; KrazyBoy & Bhavs; Rocco & Martini; DjMr Stoked; Vimo; CrazyG; Vin Groovin; Dj JC.
